Project Information

Project Title ATV Variance request for ATV 3409- September 21 Storm	Number of Trail Miles 19.7
Project Description	

- For maintenance, include a concise statement of the type of maintenance activities and the type of grooming equipment used.
- For major bridge rehabilitation, describe the proposed construction items to rehabilitate the bridge.
- For trail rehabilitation, describe the repair and renovation activities necessary to improve the trail for user safety.
- For development, describe development activities and structures to be constructed.
- For development of intensive use areas; describe the need and expected use and method of operating and maintaining the facility.
- For Motorized Stewardship describe project **and source of matching funds**, narrative must include the source of the matching funds.
- Minimum Useful Life Agreement is required to be submitted with the signed grant agreement.

Eau Claire County sustained significant damage to our Hamilton Falls ATV trail on September 21, 2016. The damages caused by this flood event resulted in a closure of the Hamilton Falls section of trail. Two large culverts were completely washed out making this trail impassable. In addition, there were also 3 other culverts that were partially blown out and in need of armoring. This section of trail will not be reopened unless the storm damage is fixed. Funding is also being requested from the snowmobile aid program, as this is also a funded snowmobile trail. Amount sought from ORV council would be \$7,657, with the same amount coming from the snowmobile council.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost
7,657						7,657
